PROFESSIONAL SUMMARY

Software Engineering undergraduate with hands-on experience in web development, responsive UI design, and building practical software applications using JavaScript, React.js, SQL, and Supabase. Experienced in developing real-world projects, collaborating in team environments, and applying problem-solving and analytical skills to practical challenges. Also experienced in affiliate outreach, communication, and data-driven marketing through professional experience at a US-based startup. Interested in software development, web technologies, UI/UX, emerging technologies, and continuous learning, with a strong interest in contributing to a professional team through an internship or entry-level opportunity.

PROFESSIONAL EXPERIENCE

Affiliate Outreach Intern — Tapyble (Remote)

Oct 2024 – Mar 2026

Delaware, USA

- Identified and onboarded 500+ potential affiliate partners across digital platforms
- Managed and nurtured affiliate partner relationships to support long-term engagement
- Collaborated with marketing and product teams on data-driven campaigns that contributed to a 25% increase in user acquisition
- Analyzed campaign performance metrics and prepared reports to support strategic decisions

SELECTED PROJECTS

BloodBridge DIU — Blood Donor & Request Platform

[Live Demo](#)

HTML5, CSS3, JavaScript, Tailwind CSS, Supabase

- Built a web app connecting blood donors with recipients, with donor registration, search, emergency requests, custom authentication, an admin panel, and Supabase integration across a responsive frontend

Money Manager — Personal Finance Web App

[Live Demo](#)

React, JavaScript, React Router, Recharts, UUID, Supabase, Tailwind CSS

- Built a personal finance tracker for income, expenses, and category-based transactions with Recharts visualizations; migrated data handling from localStorage to Supabase

Personal Portfolio

[Live Demo](#)

HTML5, CSS3, JavaScript, Tailwind CSS

- Designed a fully responsive personal portfolio showcasing projects and skills, optimized to a 95+ Google Lighthouse score

TyneckXio — Business Website

[Live Demo](#)

HTML5, CSS3, JavaScript, Tailwind CSS, React.js, Responsive Design

- Developed a responsive business website for a digital services company, focusing on clean UI, performance, and modern web development practices.

CERTIFICATIONS & ACHIEVEMENTS

- Cyber Security Certificate — introductory cybersecurity fundamentals;
- Fundamentals of Research Methodology — research ethics, data analysis, academic writing
- DIU Science Olympiad (Fall 2024) — problem-solving recognition.
